

BIJLAGEN *Reiki in het Licht*

Bijlage 1

Meetings are usually started with chanting the Reiki Principles and sometimes singing of the Gyosei, Poetry of the Meiji Emperor, all part of the original system. (see top of these pages for sample of poetry)

It is a great pity but I understand that the Society is not interested in passing information to the rest of the world.

At a time when some people in the west are attempting to 'trade mark' Reiki and associated titles for themselves, this is a shame for those of us attempting to prevent this from happening.

THE SEVEN CHAKRAS OR SEAT OF MAN
Crown Chakra and Mental Force Field
Pineal Chakra
Ques:

What are Chakras?

Chakras are a vortex of energy, also known as a seat, center, or cup. It revolves under the influences of a positive and negative current acting upon it in the same way as the rotor of an electric motor that revolves when positive and negative electric currents are applied to it. It resembles a wheel in motion.

Four Lower

- 1) Prostate Gland
- 2) Navel or Umbilical
- 3) Solar Plexus
- 4) The Heart Center
- Three Higher
- 5) Thyroid Gland
- 6) Pineal Gland

7) Crown Molar (Mole)
The Seven Chakras in Human Beings are related to the seven Physical Senses which are in tune with the Seven Heavens.
DESCRIPTION OF THE SEVEN CHAKRAS OR SEATS OF MAN
Root Seat: Superimposes the Prostate Area on the Male and the Uterus in the Female. Sometimes called the Splenic Seat. It superimposes the Navel and extends to imbibe some of its roots in the Spleen.
Navel Seat: Solar Plexus: Superimposes the Solar Plexus area and the Great Lobe of the Liver.
Heart Seat: Superimposes the Thymus Gland between the Shoulder Blades, and the right Auricle or Pulse Point of the Heart.
Throat Seat: Superimposes the Thyroid Gland in the Throat, and extends to embrace the Medulla Oblongata.
Brow Seat: Superimposes the Pituitary Gland.
Crown Seat: Superimposes the Pineal Gland and radiates outward to cover the entire top of the head.
Ques: How does the Heart Center affect Man?

Ans: The Heart Center is the point between the higher centers and the lower centers (Cardinal Points: Cardinal involves the color Red). There is a spiritual light that travels through the twelve occult nerves down the spinal column into the chakras of man. The twelve occult nerves are related to the twelve major pairs of cranial nerves; They pass from under the surface of the brain, through the openings on the bones of the Cranium (skull) to reach the organ sensors in man's body. At present, there are normally only a few of these twelve spiritual centers opened, that actively affects man's daily life. As man progresses spiritually, tiny valves leading up to the spinal column open one by one. Eventually, the last three pairs of nerves are opened; They in turn open the force of the twelve spiritual centers located in the brain. The force of these centers floods the physical form with spiritual power which makes man aware. This awareness therefore changes him from a Human Being to a "Son of El Eloh" or what we, The Masters, call the Insaanu Kaamil "A Self-Perfected Man." He changes or transcends from mortal to immortal, making him a "Supreme Being".
Ques: How can Man become a Supreme Being Again?

Ans: Supreme Being means "Supreme among Beings," but you have fallen down to the ranks of men. You have lost the ability to use your third eye. You no longer have the power to control things but you are controlled by them. When you become hungry you allow your hunger to take control of you by catering "to cravings, wants, and desires"—In other words "Eating." It's not even a second after you decide that you are hungry, that you're in route to get food to fulfill this desire that you have. You then become a mammal who reacts to your body's desires instead of necessity.
Ques: Why do we let this happen to us?

Ans: Because you are literally out of your minds and you are controlled by your emotions. Energy plus motion equals emotion. And emotions become dangerous when they become motion. It is these same emotions that make wars, greed, lust, anger, etc. The emotion of greed is what causes you to over eat yourself into obesity. Emotions lead to what you think you need and what you feel you want. If you let your emotions control you they will make you go out of your way to satisfy your pleasures and desires. Emotion links into motion. When you give in to your emotions, you give up a part of your divinity. That means when you are angry, hungry, scared, or depressed, etc. about something, you are no longer in control of yourself, thus putting you under the rule of someone else—Out of your mind!!! You have surrendered your divinity, and this is where gluttony can become a part of your character which is one of the attributes of the Devil and his agents. A Supreme being however, is not controlled by these things because a supreme being lives for the spirit and not for the body. A supreme being no

longer has to sleep because a supreme being is in control of his or her physical desires. The physical desires are not in control of the Supreme Being. That does not mean that if you have been hungry at one time or another and you ate, or you let your emotions take control of you at some point in your life or all of your life that you have surrendered your divinity forever. You can regain it back. Ques: How can you get your divinity back if all your life you have been letting your emotions take over?

Ans: A person learns to become supreme through positive prayer, positive meditation, proper exercise, proper diet, cheerfulness, unselfishness, patience, and remembrance of Anu, Elyown Elyown El. This will enable you to once again regain the use of your Third Eye. Becoming Supreme Beings once again is what The Re-Birth of the Elite Few, the 144,000 are all about. That's why it is said that they will be able to leave the physical body and rise up. They will no longer need the physical and the material world. The body, being a fungus on the spirit, executed certain desires causing it to form arms, legs, etc., so that it could maneuver. You are made up of three things: The Soul, the Spirit, and the Body. The body houses the spirit which is the skin of the soul. By way of the emotions caused through application of the seven major centers, you then placed a protector around your soul. This protector you called a "body", matter and through it protoplasm, organs, etc., You became a "being". You started adding more disease to the body. The sickness will cure itself! Start living for the spirit and not for the body because the physical body is a composition of bacteria of which when you die will turn back to dust. The physical is plaguing your soul. Thus, when you feed the physical body, you neglect the spiritual body and it becomes weak. By doing this you strengthen the physical body making it impossible for your spiritual body to grow. Therefore, if you over indulge yourself in the materialistic things of this world such as food, clothes, or any physical desires you become attached to this plane. Once you get your desires and wants under your control, then you will be ruler of the body, instead of the body ruling you. Then the body no longer needing and you have become a supreme being. By regaining that supreme stature, You then become "Sons of Anu, The Most High." Now, the heart seat emits a pinkish light in color, because it is "in tune" with the white light of twelve carnal nerves (The twelve occult nerves), and it meets with the red light of the lower part of man (Carnal Part). They blend to produce the twelve beams of light, which are the "Twelve Forms of Love." 1. Love of One's Self (Which is the most deadly)

2. Love of Wealth

3. Love of Fame

4. Love of Success

5. Love of Mate

6. Love of Child

7. Love of Parents

8. Love of Brothers and Sisters

9. Love of One's Word, Tongue

10. Love of Life

11. Love of Prophets

12. Love of The Heavenly Father All of this is the totality of all creation, mathematics, and the personification of the physical body and its ability to function on Earth. The twelve forms of love are in tune with the heart center as mentioned before. The heart center deals with the thymus gland which, at the onset of puberty involves sexual growth and maturity. It is at this point (puberty) that the thymus gland begins to disappear and is dissolved in the heart center. It dissolves because you are now exercising both; The higher of which executes the decision of love, and the lower which is the anticip.

Bijlage 5 voorbeeld van geleide geest(en)/engelen

Angelic RayKey originated when a woman, whose spiritual name was Sananda, took traditional Reiki at St. Michael's direction and with his assistance.

Angel means messenger or minister. They minister to us by guiding, guarding, and protecting us, sometimes from ourselves. They give us messages in many ways: dreams, visions, and appearances. None of this is new, even though interest in angels appears to be popular right now. Have you taken time to think on what an angel is? Could you be an angel yourself? The most important question of all is: would you want to be one?

Angels and Color

The angels listed below are the angels of the rays of light which correspond to the colors of the rainbow (red, orange, yellow, green, blue, indigo, violet). The rainbow is the union of all these colors working together. Should we not look at ourselves and see what color suits us best? Which color is the most challenging and why?

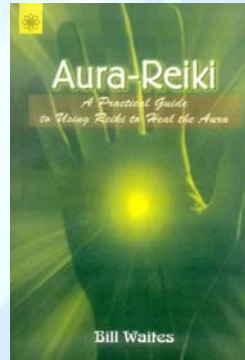

- * St. Michael Red
- * St. Uriel Orange
- * St. Jophiel Yellow
- * St. Raphael Green
- * Mary-el, (the angelic persona of Mother Mary, Queen of the Universe and of Angels) Blue
- * St. Gabriel Indigo
- * St. Zadkiel Violet

It is true that each of us has a guardian angel, assigned to us for our life on earth. Have you met your angel yet? Or do you have a whole team working with and for you? In your Angelic RayKey classes, you will learn who your angel is and their mission here on earth. You will learn how to communicate with your angel and how to discern spirits that are not angels. Your experience of your angel's presence will not end with the class but will continue throughout your life and enter into the lives of others you assist through healing.
